Inventors Council Meeting

Avoid Common Patent Pitfalls: Inventor Tips & USPTO Career Insights

Marilyn C. Nash serves as the Regional Outreach Officer for the Elijah J. McCoy Midwest Regional United States Patent and Trademark Office (USPTO) located in Detroit, Michigan. In this capacity, she provides IP resources and programming to independent inventors, entrepreneurs, K-12 and university students, legal professionals, and government agencies throughout nine midwestern states.

Redhwan K. Mawari (Ph.D.) is a Primary Patent Examiner at the United States Patent and Trademark Office (USPTO) in Art Unit 3667B, specializing in navigation and control systems, with a focus on autonomous vehicles. Holding a Ph.D. in Electrical Engineering, Redhwan integrates academic expertise with extensive industry experience in the automotive sector.
